WHAT WILL THE FUTURE BE LIKE IN YOUR COMMUNITY?

Will you be able to afford to rent or buy a decent home?

Will you always have to drive to get anywhere?

How can the environment be protected?

Will there be fun places to hang out?

The answers to these questions could depend on you. Right now, elected officials in this region are working together to create a land use and transportation plan for then next 20 years that will influence the lives of everyone in the area.

They want to know what youth think.

All students are invited to attend an interactive
