## She Shares Mentoring Future Leaders Program

At She Shares we believe strongly in nurturing the next generation of women leaders. That's why She Shares is also a mentoring and networking opportunity for young women. She Shares works closely with our nonprofit partner, the California Center for Civic Participation, on the mentorship program. Each year, young women from the Sacramento region are paired with a professional member of the She Shares community for one year of mentoring. In addition, She Shares hosts career and professional development workshops throughout the year.

## Congratulations to our 2018 Mentors & Mentees!
